

HERE NEXT WEEK

Every County in Kansas Will Be Represented.

State Teachers' Convention To Be Biggest in History.

REGISTRATION IS NOW 3,000

As Many More Are Expected to Enroll by Thursday.

Salina Delegation Will Come by Special Train.

Pedagogues from every county in the state will come to Topeka next Thursday to attend the annual convention of the Kansas State Teachers' association. To be exact there will be 6,000 or more teachers in the city then, according to D. A. Ellsworth, secretary of the association. The enrollment already has reached 3,000 and by the first of next week 2,000 probably will be added.

Dr. A. E. Winslow, editor of the Journal of Education, Boston, Mass., who will be one of the principal speakers at the Kansas State Teachers' convention.

Shawnee county will have the largest delegation with 600 and Kansas City will come second with 400. If the figures in the office of the secretary are correct, Emporia has enrolled 300 teachers, Lawrence 200, Atchison has every teacher enlisted, Hutchinson 100, Sterling, McPherson, Arkansas City, Great Bend, Hays, and even boundary towns on the west have enrolled. The delegation from Salina will come by special train and so will Pittsburg, Emporia, Leavenworth, and Kansas City.

"The host that will come to Topeka next week is one of peace," said Secretary Ellsworth today. "With half the world at war such a sight as six thousand men and women who gather to counsel together on teaching is as fine a sight as any land may offer. The fact that this great convention

Miss Lillian Scott, Baldwin, Kan., president of the Teachers' association, who will give a report of the meetings in Topeka next week.

will give no place on its program to militarism is significant. Other great world interests are written there but militarism, whether disguised as 'preparedness' or open as 'junkering' has no part in the association's meetings. The teachers of Kansas are clearly for peace."

Two Lines of Thought.
Two lines of thought will rule the convention. The first is directly of the profession and the second has to do with the more or less personal questions which the teachers must consider. The address of Dr. William McAndrews, assistant city superintendent of schools, New York city, promises the analysis of the personal problems. His subject is "Making Good." Dr. Mary E. Wooley's theme forecasts the former line of thought. Her subject is an "Old Profession in a New Setting." She is president of Mount Holyoke college, South Hadley, Mass.

The other numbers of the three days' program will follow this arrangement and as a result it is predicted that every teacher who comes to Topeka will be better grounded in the fundamentals of the profession and will get a broader vision of the ethics, economics, social and personal essentials to success as a teacher.

The Social Side.
While in Topeka the teachers will not neglect the social side. On Friday afternoon Governor Arthur Capper and Mrs. Capper will give a reception at their home, 1031 Topeka avenue. The hours will be from 4 to 6 o'clock. The initial function of the convention will be the dinner Wednesday night at the Commercial club. This affair is complimentary to the president, Miss Lillian Scott, and the other officers of the association as well as to the foreign speakers. Charles S. Elliott, president of the club, will preside and covers will be laid for seventy.

The Kansas Dinner club and the Schoolmasters' club will hold their annual luncheon on Friday instead of Wednesday. The college banquets and alumni reunions of almost every college in the state will be held on Thursday evening from 5 to 7 o'clock. On

Friday the round table luncheons will be served.

Arrangements have been completed for the entertainment of the teachers while they are in Topeka. The city will do its utmost to make the visitors feel at home.

ON KANSAS DAY

Annual Banquet Arranged to Entertain 1,000 Guests.

Herbert Cavaness to Respond to Toast of Honor.

Herbert Cavaness, editor of the Chautauque Tribune and a native Kansan, will respond to the toast of honor, "Kansas," at the twenty-fifth annual dinner of the Kansas Day club in Topeka January 29. To assist the well known third district editor, the official club has selected a well balanced bunch of known and unknown orators.

As was announced several weeks ago, Senator T. E. Burton, of Ohio, will be the guest of honor at the big Republican dinner in January. He will be given ample time to discuss the issues of the coming national campaign and an effort will be made to limit the speaking time of the Kansas talent. Such efforts have been made on former occasions. Somehow, they never met with much success and a Kansan who was accorded a place on the program usually declined to quit speaking until he had reached the last page of his manuscript.

With Cavaness on the Kansas Day program are three other newspaper men—Ewing Herbert, of Hiawatha; A. G. Miller, of Belleville; and R. Buzwick, of Kansas City. Miss Ada Dykes, daughter of Dr. Henry A. Dykes, of Lebanon, will be the one woman orator of the evening. Miss Dykes made numerous speeches in the 1914 campaign and was effective in her work. She will tell of "The Woman in Politics."

Herbert will respond to the toast, "Reminiscences" and Buzwick will talk about "Party Fealty." W. S. Washer, an Atchison man will tell of "Republicanism." The subject of Miller's speech will be announced later.

As usual, the banquet will be held in Masonic temple. Officers of the club claim that arrangements will be made to handle a crowd of 1,000 and that they will be here for the 1916 dinner.

NO VOTE, NO BABY

Slogan Suggested for Suffragists Meets With Disfavor.

Leaders Say Motherhood Strike Will Not Prevail.

New York, Nov. 6.—No vote, no baby! This slogan, suggested by Mrs. Sara Bard Field in Chicago the day after election, met with decided disfavor among New York suffragists. Mrs. Field, who is en route to Washington, D. C., to address the convention of the women voters of the west, declared that certain women in non-suffrage states had begun a "motherhood strike" to last until they win the vote.

"For home and children" is the suffrage slogan," said Mrs. James Leeds Laidlaw. "Women are working for the vote so that their children may be benefited. No suffragist could possibly utter such a useless, idiotic sentiment. There has never been any bitterness in the American campaigns for suffrage. Although the eastern states have postponed victory for woman suffrage, we have no resentment toward society that would induce us to adopt such a course. The mothers and grandmothers among the suffragists are legion and it is the ambition and intention of many of my personal friends and acquaintances in the movement to have large families."

"Either Mrs. Field has been misquoted or she is no suffragist," said Mrs. Orella Haskell declared that the story was probably of anti-suffrage origin.

"Women suffragists do their duty first by their homes and then by suffrage," said Mrs. Haskell. "It is unnecessary to threaten men in order to achieve women's rights. It may take a long time to educate men here in the east to suffrage but rest assured no such plan as 'no vote, no baby' will ever be adopted. I am inclined to believe the slogan is an anti-suffragist idea of a joke."

VILLA FORCES LOANS

Huge Sums Demanded from American Mining Companies in Sonora.

Douglas, Ariz., Nov. 6.—Francisco Villa Friday demanded forced loans of all American mining companies in Sonora under threats to dynamite the mines, concentrators and plants. He delivered an ultimatum to L. B. Budrow, manager of the Lucky Tiger Mining company, 50 miles south of Douglas, Ariz., to J. S. Williams, Jr., president of the Mochizuma Copper company, at Nacozari, and the Phelps Dodge company at the terminus of the Nacozari railroad, demanding \$25,000 from each.

The demand followed payment by the Greene Cananea Copper company, Cananea, of a similar amount. Neither the Mochizuma Copper company nor the Lucky Tiger have yet replied nor sent representatives to confer with Villa. The managers refuse to discuss their probable action.

Villa today was credited with the statement that he would support General Alvaro Obregon for president if Carranza were eliminated. Villa is declared to have stated his belief that Obregon would also favor a new alignment with himself would consider the ousting of Carranza a moral victory.

Six thousand women and children left at Casas Grandes by the Villa troops when they invaded Sonora, are reported destitute, with 600 deaths from starvation up to 6 o'clock according to couriers arriving today at the border.

RACE HORSE MAN DIES

Thomas Williams Was Jockey Club Head for 25 Years.

Oakland, Nov. 6.—Thomas H. Williams, for more than 25 years president of the California Jockey club and one of the best known race horse men in the United States, died today at his home in Oakland.

ROCK ISLAND PLAN

Belief That Sweeping Changes Are to Follow.

J. E. Gorman Now Executive Head of the System.

MAY MEAN A SHIFT HERE

General Shakeup Would Reach Topeka Offices.

Will Mudge Take Men With Him to D. & R. G.?

When the Chicago, Rock Island and Pacific Railway company reorganizes, probably within the next fifteen months, an outside railroad official will be selected as president. That is the opinion of J. E. Gorman, chief executive officer of the Rock Island today. If the data be correct it will mean a number of important changes that will likely affect Topeka.

J. E. Gorman, chief traffic officer, was late Friday afternoon elected chief executive officer for the receiver, succeeding H. U. Mudge, who is to become president of the Denver and Rio Grande railroad.

It is considered probable that no one will be named to succeed Gorman as chief traffic officer. The former Santa Fe official will continue his duties as the head of the traffic department in addition to taking charge of the management of the road under Jacob M. Dickinson, receiver, it is said.

It is reported from an authentic source that at present there will be no more changes in Rock Island circles, either here or elsewhere.

No one in Topeka knows or attempts to guess the identity of the man who will be the next Rock Island official. It is reported that he will be a man who is familiar with the railroad industry in all its branches, a man who now holds a high executive position with a large railway system.

At a new man in the president's chair, it is not unlikely that he will bring to the Rock Island several of his fellow officers who have worked with him for years. That will mean, but one thing it is believed, changes and transfers on all districts.

Followers of Mudge.

When Henry U. Mudge resigned in 1910 as general manager of the Santa Fe to become second vice president of the Rock Island he took with him several officials of the former road. Among the official family of the Rock Island today are many names not unfamiliar to Topeka and other Santa Fe points. The question now arises, will Mr. Mudge take any of these Rock Island men to the Denver & Rio Grande railroad?

Numbered among those who went to the Rock Island with Mudge are J. E. Gorman, who has just been named chief executive officer under the receiver, Gorman was assistant traffic manager of the Santa Fe at Chicago when he entered Rock Island service as first vice president. Upon the death of John Sebastian, vice president in charge of passenger traffic, Gorman added the passenger duties to his work as the head of freight traffic.

Sweet Santa Fe Man.

Another officer of the Rock Island who is an old Santa Fe man is A. E. Sweet of Topeka general manager of the second district.

"At traffic manager at the time of the Rio Grande election Thursday that E. L. Brown would be succeeded by a western railway man as vice president. Brown was backed by E. F. Porter, president in charge of passenger traffic. Gorman added the passenger duties to his work as the head of freight traffic.

C. A. Morse, chief engineer of the Rock Island, held that position with the Santa Fe until 1913. He is a graduate of the University of Maine and spent nearly all of his railroad career, with the exception of brief periods with the Mexican Central and the Burlington systems, with the Santa Fe. President Mudge called him into Rock Island service two years ago.

The Denver & Rio Grande is expected to have a change in policy under Mudge's rule. There may be a shakeup there, also.

BREAKS ALL RECORDS

Friday Was Warmest Nov. 5 Ever Known in Topeka.

Friday was the twentieth day in succession here without rain, making the longest period in five years at Topeka. The forecast promises a change tonight and Sunday. The temperature will be in the 40s tonight and Sunday; unsettled and cooler Sunday.

The lowest reading this morning was 57 degrees at 4 o'clock. This is 21 degrees above normal. The temperature for this date. The wind is still in the south.

The Kaw river has been stationary at 6.7 feet since Friday morning.

KNOW YOUR OWN TOWN

A Get-Acquainted-With-Topeka Dinner Is Planned.

What do you know about your own town? "Know Your Own Town" dinner to be held at the Commercial club December 2 Topeka business men will learn about the city from selected speakers.

This dinner date was set this noon at a meeting of the publicity committee of the club. The speakers for the affair have not yet been chosen but George McIntyre, H. S. Putney, and W. O. Rigby have been appointed as a committee to make arrangements for the dinner.

DEATH BLOW TO VILLA

Carranza's Commander, Obregon, Prepares to End Rebel's Campaign.

Washington, Nov. 6.—Carranza forces north and south of Villa's retreating army are concentrating for a blow which the de facto leaders hope will end the strife in Northern Mexico. Major General Funston reported today that General Obregon, Carranza's chief commander, would arrive at Douglas, Ariz., tomorrow, to begin organizing a campaign.

SUPREME COURT DECISIONS

J. G. Collins, appellee vs. Union Pacific Railroad Co., appellant; appeal from Wyandotte county (Div. 2). Modified and remanded with directions.

State of Kansas, appellee vs. The A. Pine "Whooping Cough Remedy."

Mother's, Dr. Bell's Pine-Tar Honey is just the remedy for your children's cold ailments. The fact is that pine is a quick enemy of colds. It loosens the phlegm in the throat, soothes the lungs and opens up the air passages. The combination of honey, soothing and pleasant with the powerful pine quality makes this an ideal cough remedy for children. Each bottle contains a pair of new friends. A family of growing children cannot afford to be without it. See a bottle—Adv.

Otis E. Samuelson, appellant, vs. William Palmer, appellee; appeal from Barber county. Affirmed.

BOMB CAUSED SHIP FIRE

Blaze in Cargo of Rio Lages Is Finally Put Out.

Halifax, Nov. 6.—The fire in the cargo of sugar on the British steamer Rio Lages, which put in here late last night with the flames still smoldering, was caused by an incendiary bomb, according to a statement today by Captain Bell of the steamer.

The fire is now virtually out, after having been fought with steam and water continuously since it was discovered early Thursday, the fourth day out from New York.

Captain Bell said the cargo, which was consigned to the British sugar

commission at Queenstown, had been loaded by Austrian and German stevedores at Yonkers, and that there was ample opportunity for a spy to place a bomb in the sugar bag.

He added that spontaneous combustion in such a cargo as his vessel carried was almost unknown.

TO CRUSH MONTENEGRO

Austrians Find Hard Task Going Against Mountaineers.

Vienna, Nov. 6.—Vigorous attempts to crush the Montenegrs were reported in an official statement issued here today.

The mountaineers are fighting so desperately as to be a hard proposition, even for the Austrian numerically superior forces. Earlier in the war, while Austria was occupied with the struggles in other fields, they gained a foothold in places on the Austrian side of the frontier and from these positions fresh difficulties are being experienced in dislodging them. They are able to get supplies of ammunition by sea, and the mountainous country favors them and robs the Austrians of a large part of the advantages they would enjoy from their heavy artillery.

At the Iris.

Besides broadening her field by entering the motion picture world, Miss Geraldine Farrar, who will appear at the Iris theater Monday and Tuesday, has had a famous photograph of the opera "Carmen," has arranged a "Carmen" score for the motion pictures.
